

Building Readiness

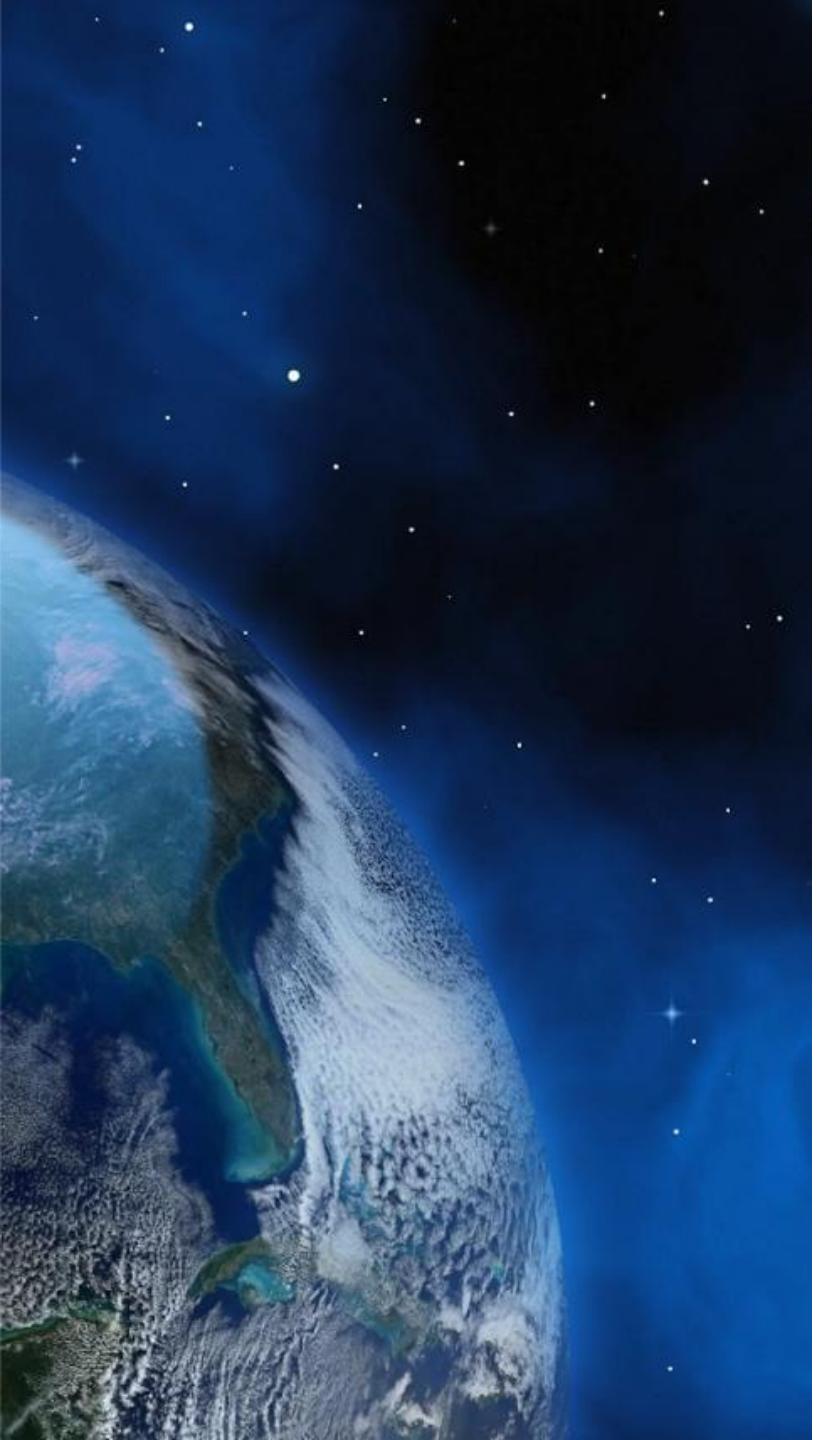

NOAA NWS International Capacity Building

Andrew Horan, International Project Manager

U.S. Department of Commerce

National Oceanic and Atmospheric Administration

National Weather Service

NOAA and State Department Partnership

- Five-year Interagency funding Agreement between NOAA and Department of State (DOS) in Office of International Disaster Response (IDR) in the Bureau of Population, Refugees, and Migration (PRM)
- State PRM IDR coordinates U.S. international disaster and humanitarian response efforts
- NOAA and DOS work jointly to identify projects across the globe to enhance readiness for hydrometeorological hazards, including tsunamis.
- NOAA provides expertise in weather observations, monitoring, analysis, and forecasting of hazards and possible consequences as well as readiness and response capabilities and last mile warning dissemination and communication

International Efforts

- NWS International Desks training - Africa, Caribbean, and Pacific Island Nations
- Weather Ready Nations and Tsunami Ready
- Storm Surge mapping and forecasting
- 3D-Printed Automatic Weather Stations
- Famine Early Warning System Support (FEWS-NET)
- Emergency Communications equipment

A view of Earth from space, showing the curvature of the planet against a dark blue background with stars.

Maraming Salamat!
